We are an evangelical Christian, nonprofit ministry whose mission is to spread the gospel of Jesus Christ in order that non-believers may come to know Jesus as Lord and Savior, and that believers may be strengthened in their faith and relationship with Jesus. We plan to fulfill this mission and calling through various avenues of teaching, preaching, writing and publishing.

All of our staff are volunteers and our only source of funding are our book sales and donations. We are publishing books in English, Spanish, Armenian, and Korean. We hope to add languages as the Lord leads. We give away books to those who cannot afford them.

Worry is something that everyone deals with to one degree or another. Because of its prevalence, however, sometimes we do nothing to remove it from our lives, or if we want to eliminate it, we don't know how to do so. It can cause problems in our health and relationships as well as keep us from experiencing peace. The Bible speaks about the destruction of worry and how it can harm us spiritually. In this book, Dr. Cullinan helps us understand many of the causes of worry and gives practical steps for dealing with it successfully.

\$11

The setting is a Christian youth camp where campers and staff are horrified when three of their fellow campers are murdered. The police suspect that the killer is someone at the camp, so they force everyone to remain sequestered until they complete the investigation and apprehend the killer. No one can enter or leave the campground except the police. As they wait, the camp director leads the group to participate in activities that ultimately cause them to discover shocking facts that will change their lives forever.

Section Two of the book is material to help readers apply truths from the story to their lives and to deepen their relationship with God.

\$16

The Curse of the \$20 Bill traces the journey of one very dirty \$20 bill that seems to bring tragedy and unhappiness to anyone who has it in their possession even for a short time. It provides information on how to overcome many of life's difficulties as the reader learns how the victims of the \$20 bill deal with their heart-wrenching tragedies. The book also challenges readers to consider what they believe about the power of evil and suffering in the world, especially when it happens to people of faith.

\$16.00

All of us are haunted by emotions that are powerful and frightening enough to be rightfully described as dragons. Often, however, we do not know what to do when we confront these unwanted dragons. Dr. Alice R. Cullinan has written a practical book that helps the reader understand why the dragons attack us and what to do about defeating them. She also helps explain the major root of such emotional enemies and how to protect ourselves from being destroyed by them.

\$10

Some people have developed a negative view of God, picturing Him as a judge sitting on His throne poised to hand out harsh penalties to those who don't live up to His demanding and sometimes impossible expectations.

Other people picture God as aloof, someone who does not want to be involved with His creation at all. Still others believe that God is the "man upstairs," a grandfather-type who dotes on and excuses the bad behavior of His creation because He loves them unconditionally. When God Smiles helps readers understand a side of God that many have never considered or experienced.

\$10

Since we all have difficulty hearing God speak, or being sure that it is His voice that we hear (and not our own), Dr. Cullinan shares helpful information about the ways in which God does speak, and how our personality differences can affect that. She includes tips on how to discern the “voices” that we sometimes hear in our minds, as well as other ways that God lets us know His will for us. The book includes facts that are gleaned from the experiences of several Bible characters who heard the voice of God, as well as personal testimonies from the experiences of people today.

\$7.00

Prayer is sometimes a puzzle or mystery that makes us wonder about how and if it really works. Although the Bible is filled with answers to most of our questions about prayer, there seem to be some facets of prayer that we either do not understand, or they simply do not seem to be addressed at all in Scripture, at least not directly. Dr. Cullinan has compiled a list of 50 questions about prayer that are often not asked, even by people who pray on a regular basis.

\$14

Most people pray at one time or another, whether they are Christians, people of other faiths, or even non-religious individuals. Dr. Alice R. Cullinan has written a very practical book that is easy to understand and will help you learn how to use the six 'keys' she mentions to help you access the power of prayer in your own life. When you apply these six keys to your prayer life, you will find that your prayers are more effective and your relationship with God more fulfilling.

\$12

The Bible is filled with promises by God to help us understand His plans for our lives and His provisions for helping us to have a relationship with Him. He wants us to enjoy life as He planned it and reach our potential. Dr. Cullinan has selected twenty of God's promises to discuss, helping the reader understand the meaning of each Bible promise and how to claim it. The book is written in a workbook format with sections for the reader to write their reflections about each promise and how to apply it to their life.

\$10

There are various reasons why people own pets, but a visit to the vet's office reveals one of the chief reasons: we love them! We care when they hurt; we cry when we have to have them put to sleep. They provide companionship, forgiveness and love, often when people do not. They teach us vital lessons about life and about God. This book includes 67 stories about two fur-babies who lived in our home. We hope that you will begin to search for your own life lessons. Being teachable is an admirable trait.

\$16

This is a daily devotional guide that includes not only a Bible passage suggestion and focus verse for the day, but each devotional thought/story concludes with some reflection questions and a prayer for the day. The stories are from every-day situations that we all face, and are designed to help the reader be inspired from the challenge of the day. Also, the devotions encourage us to have a teachable spirit and recognize more clearly how God is speaking to us through every life event.

\$6.50

Is it time for a spiritual reevaluation? If so, this is the book to help lead you to a deeper faith and reliance on Christ. You will learn information about how to have a daily quiet time, how to discover your spiritual gifts, how to bear more spiritual fruit, and how to determine if Jesus is Lord of your life. There is a short evaluation tool at the end of each chapter that will help you assess how you are doing in your spiritual life.

\$18.25

Sorting It Out walks Christians of all ages through the questions and uncertainties that come with a person's call to vocational ministry. Alice R. Cullinan analyzes what a call is, provides many examples of how others have received the call, considers the different kinds of ministry opportunities, and offers advice on how to proceed once one discerns a calling from God.

*26.65

This is a practical book on how to have an effective deacon ministry in the local church. It is also beneficial to pastors and other church leaders who are concerned with the spiritual and the practical aspects of ministry within and through a local congregation. The book provides helpful surveys and thought questions to assist leaders in evaluating their own lives as well at how to take an objective look at their congregation as a whole.

\$13.85

This is a Teaching Guide for the book Nuts and Bolts of Deacon Ministry, which is a practical book on how to have an effective deacon ministry in the local church. The book is beneficial to pastors, associational missionaries, and other church leaders. The Teaching Guide was designed to provide specific approaches for teaching the topics in the book, in order that maximum learning will take place.
